

Social Communication Checklist (continued)

Possible goal areas for:

Own Agenda

Do more at the Own Agenda stage:

- enjoy more toys and activities
- notice me
- allow me to join in the play

Or, move to the Requester stage:

- begin to send me intentional messages to ask for the things he already likes

Requester

Do more at the Requester stage:

- send me messages more often
- send me messages during more activities
- send me messages while also looking at me

Or, move to the Early Communicator stage:

- start to send me messages to share his interests with me and connect socially

Early Communicator

Do more at the Early Communicator stage:

- look at what I point to and then back to me
- show me things and look at me
- make comments about what he sees
- respond when I make comments or ask questions

Or, move to the Partner stage:

- take two or more turns in early conversations

Partner

Do more at the Partner stage:

- engage in longer back-and-forth conversations
- expand his conversations by targeting items from the list in this stage
